JUDGE KELLEY advocates the repeal of the tax on whisky, and says the matter ought to be left to the States and municipal authorities for regulation and taxation. In support of this he quotes Judge Robert C. Pitman, of Massachusetts, an eminent jurist and advocate of temperance, who said : - "We are compelled to the conclusion that the taxation of the liquor traffic offers no effective regulation of it; that if held out as a measure of reform it is delusive and stands in the way of better legislation, and that in itself it has the double vice of being opposed to the better moral instincts, and of being operative as a bribe to pervert the public conscience. Judge Kelley, while adconscience. Judge Kelley, while admitting that the liquor traffic is a fearful Gr. w, J. A. Grisham, John M. source of crime, pauperism and disease, Gardner, Miss Grayson, J. J. insists that it can only be regulated or prohibited by the States, cities and counties, which have to bear the burdens it imposes, and are therefore entitled to receive the revenue that may be derived from its devasting influence."
